How To Measure for Girls' Slacks and Shorts: Measure the waist at the height where pants are worn. Measure at the skin, or over a thin t-shirt, not over an existing waistband or belt. Add one inch to allow for growth. Find this number in bold type on the chart and find the proper inseam. Slacks may require hemming to get the most tailored fit. Girls' half sizes are for fuller figured girls. Juniors are designed for teenagers and adults and have more room in the hips.
